

Manitoba Association of Playwrights (MAP) Acknowledgment Policy

MAP's visibility and branding helps us help you. To that end, MAP asks that playwrights and partnering theatre companies acknowledge our support.

Playwrights:

When a play that has received MAP support is produced, including the premiere and all subsequent productions, playwrights are requested to put a note in the program as follows:

"[play title] received development support from the Manitoba Association of Playwrights."

When the play is published, MAP asks that this same note appear in the playwright's acknowledgments.

If you are posting about your play on social media and have a chance to acknowledge MAP's support, we appreciate a shout out (but do not require it).

Theatres, including Independent and Fringe Companies:

For theatres who form partnerships with MAP to develop a play, and for playwrights self-producing their work, including in the Fringe, MAP requests that you include our logo on production posters, production web pages, production social media pages, in the program and anywhere else you are acknowledging funders and supporters.

In addition, we ask for a credit line in the program, as follows:

"[play title] received development support from the Manitoba Association of Playwrights."

If you are posting about your play on social media and have a chance to acknowledge MAP's support, we appreciate a shout out (but do not require it).

Guide to MAP's logo:

Please include MAP's full logo, as-is, at a similar size to logos of other funders and supporters making a comparable contribution. For a template of our logo, please contact the MAP office at mbplay@mymts.net.
